Exit.

ALTERING STAR THEATER.

So as to comply with the state fire laws relative to exits and width of passageways, changes were made this week in the Star theater of Red Jacket. The doors were suitably enlarged and other alterations made. The theater will be ready for the opening tomorrow evening.

SENIOR CLASS STARTS.

Y. M. C. A. Gymnasium Class Among the Young Men to Begin.

Steps have been taken during the last few days which it is hoped will bring about a reorganization of the old senior class of the Calumet Y. M. C. A. In recent years there have been only limited activities among the seniors, due to the fact that many young men have left this district. Those who

BECOMES BRIDE OF CHICAGO MAN

Marriage of Miss Mary S. Eaton to Paul B. Smithson

A pretty autumn wedding was solemnized last evening at the home of Mr. and Mrs. Fred S. Eaton, when Miss Mary Sears Eaton became the bride of Paul B. Smithson of Chicago. Rev. J. D. Stalker of the First Presbyterian church performed the ceremony, which was witnessed only by relatives. There were no attendants.

The Eaton home was very prettily decorated in autumn effects. The bride wore a traveling gown. The C. & H. orchestra played the wedding march and also rendered several selections during and after the ceremony. Wedding dinner was served at the home of the bride.

Mr. and Mrs. Smithson have left for New York City where they will spend their honeymoon.

The bride is a native of Calumet. She was graduated from the Calumet high school and from Grafton Hall, Wisconsin, and was one of the most popular members of Calumet's younger social set. The groom, whose name is in New York, is a successful business man.

PASSES AWAY IN WEST.

Word has been received here of the death of Mrs. Marie Peterson, wife of Paul Peterson, former residents of Calumet, which occurred last week in Kingsbury, California. The deceased was a year in failing health.

The great film company's motive was to amputate one of her legs at the knee after several unsuccessful attempts to cure elsewhere. Mr. and Mrs. Peterson lived here for a number of years, the husband being employed by the C. & H. Later they resided in the iron country and for the past few years have been engaged in fruit farming in California. Besides the husband, one son, Elmer survives.

NO ROAD WORK THIS YEAR.

Although a number of highway improvements were contemplated in Osceola township this year, the strike made it impossible for the township to secure crushed trap rock and the time limit for these improvements to be brought about has expired with no actual work being done. The improvement program scheduled for next year is an extensive one as a result, and will include the re-surfacing of several of the township roads.

MASKED PARTY PLANNED.

The members of the Calumet Favorite club have arranged for a masked dancing party in the Calumet Light Guard armory on Friday evening, Oct. 21. Hallowe'en, which promises to prove one of the most novel events ever conducted here. The C. & H. orchestra will furnish music. Special costumes will be secured from a large costume house for this occasion and a large number of local people will prepare their own costumes.

SPECIAL COLONIST RATES.

Colonist rates from the copper country to points as far west as the coast, over the Northern Pacific and other lines, went into effect yesterday and will continue until Oct. 10. These rates are especially popular with home seekers, as they provide an exceptionally low one way fare, which is available for almost every point in the west.

DR. HANSEN TO LEAVE.

Announcement has been made that Dr. Carl T. Hansen, who has practiced in Red Jacket for several years past, expects to leave about Oct. 1 for Chicago, where he will open offices. Dr. Hansen expects to make the trip to Chicago by automobile.

DEFAULTING CLERK IS CAPTURED IN MONTREAL.

New York, Sept. 26.—John C. Schildnecht, \$29-a-week clerk here of the Washburn-Crosby Milling company, Minneapolis, who kept two automobiles and a retinue of servants and disappeared to weeks ago when a shortage of more than \$20,000 was found in his accounts, is under arrest at Montreal, according to announcement made here today by a private detective agency.

Schildnecht lived in regal style for about four months. He paid his bills, it is charged, with money obtained by manipulating checks payable to his employers. It was part of his duties to collect such checks daily. Extradition proceedings will be started at once.

OHIO FLOODS COST A TOTAL OF \$163,000,000.

Washington, Sept. 26.—A total money loss of \$163,000,000 was caused by the floods in the Ohio valley last March. The weather bureau estimated that sum which includes loss to railroads, telegraph and telephone lines and to farms and farm property, including prospective crops. The latter alone amounted to about \$11,000,000. Of the total amount more than 70 per cent was sustained in Ohio and Indiana.

In point of magnitude the 1913 flood probably ranks second, with all Ohio valley floods being overtaken only by the midwinter flood in 1834, the report declared.

Huerta's continued assumption that he knows more about public sentiment in this country than does President Wilson is not so diplomatic as it is audacious.—Buffalo Courier.

INTIMIDATION CASE IS DISPOSED OF BY JUSTICE

Continued From First Page.

Two Women Given Hearings

The examination of Kate Rajkovich, charged on two counts with assault and battery in connection with early morning strike disturbances, was held this morning in the court of Justice C. O. Jackola. One complaint was made by Merrill Dolby, one of the militiamen now on duty in the copper country, who charged the women threw tin cans and other missiles at him. The arrest was made Sept. 3. After hearing the testimony bearing on the case, an adjournment was taken for two weeks to provide for its transcription.

The examination of Annie Fabich, charged with obstructing an officer, was also held in Justice Jackola's court this morning. The complaint was made by Harold Harvey. After taking testimony, the hearing was adjourned for two weeks to provide for transcribing the testimony.

The case of intimidation brought against Kate Junko by Charles Eklund, was yesterday afternoon dismissed by Justice David Armit when the complaining witness failed to substantiate the charges he made when the warrants were first issued. Eklund then swore he had been assaulted and roughly handled by the women but yesterday he denied this and admitted her actions did not constitute assault in his estimation.

Mary Staduhar, was given a hearing before Justice William Fisher this morning, charged with intimidation. Testimony presented by Depewick James Rodda, Vincent Pomykalski and Mike Speck indicated the woman threw an egg at the complainant and attacked one of the deputies. An adjournment was taken for two weeks to provide for the transcribing of testimony.

John Pothe, charged with intimidation was given an examination in the court of Justice Fisher this afternoon. More Men Inoculated.

Practically all of the men now on duty in the copper country have been inoculated with typhoid serum, the operation being performed under the direction of Major Ralph C. Apted of Grand Rapids, chief surgeon. The treatment consists of three inoculations, given ten days apart with typhoid prophylactic. Each inoculation increases the resistance of germs.

Ferris Sees No Settlement.

Lansing, Mich., Sept. 26.—Gov. Woodbridge N. Ferris is a pessimist concerning the prolonged copper strike.

"If anyone can show me how it can be ended," all I ask is that he let me hear from him at once," he exclaimed in the course of a talk on strike conditions before leaving for a visit to Marquette.

So far the governor has received replies from 75 of the 129 members of the house and senate relative to calling an extra session. Just nine of them favored that step.

Not one proposed any legislative solution of the strike problem—that is, none of those whose letters the governor thus far has read. Several discussed the naming of a commission to investigate and report to the next legislature.

"Doesn't the law now on the statute books give the state labor commissioner sufficient power to handle the situation?" the governor was asked.

"When the strike first started," said the governor, "Labor Commissioner Cunningham thought the law gave him sufficient power to act and spoke to me about it. I had offered my own services as a mediator and they had not been accepted. I put the matter of the labor commissioner's powers under the law up to the attorney general and others."

"The attorney-general said that the labor commissioner had power to conduct an inquiry. I sent Judge Murphy of Detroit, up there, and the judge at first thought that the labor commissioner could handle the situation. But I wish you would ask the judge as to his opinion now."

"Under this law," said Gov. Ferris, "the labor commissioner could call a hearing and go into every phase of the strike. But there isn't any phase to it upon which we cannot get all the information we want. Judge Murphy got all his questions answered. Mr. Palmer of the federal department of labor got all his questions answered. So did Mr. Moffit, of the federal bureau; so did Mr. E. F. Ingram, of Detroit, when he was in the copper country soon after the strike started."

"We can get all the information that the state labor commissioner, holding court, could get. But we always reach the point in contention, and that point on which there can be no agreement, seemingly, and that is the recognition of the Western Federation of Miners." The governor sees only a fight to a finish in the strike zone.

ANOTHER LOCAL MAN WINNER.

Among the winners in the final drawing for Fort Peck reservation lands at Glasgow, Montana, yesterday was Edward Kaiser, who gave his address as 529 Ninth street, Calumet. Nels C. Bach of Houghton also was among the winners.

MILITIA TO BENTON, ILL.

Benton, Ill., Sept. 26.—Further trouble being feared as a result of the recent rioting, Governor Dunn today ordered Company F on duty at Benton.

The tone of his message was surprisingly free from the superheated language which so often prevails in official Latin-American utterances.—Washington Herald.

BOYS ENEMIES OF CIGARETTES

Osceola School Boys to Extend Campaign Against "Weed"

The members of the Osceola Anti-Cigarette league, an organization composed of school boys who have pledged themselves to refrain from the use of the "weed" and to endeavor to influence others to take a similar course, held its first meeting for the fall season this week. The boys are still steadfast in their purpose and this year they plan to extend the influence of the club, to enlist new members and broaden the scope of activities. Officers will be elected at an early meeting and an active campaign launched.

Th boys compose one of the most active classes at the Calumet Y. M. C. A. and will continue their work in the local gymnasium under the direction of Physical Director John Johnston throughout the coming winter. Various teams will be organized. The boys likely will give several entertainments during the fall and winter, similar to the successful entertainments given last spring, which resulted in raising funds with which to lease two acres of ground near Osceola and purchase seed potatoes.

Just at present the boys are directing their efforts to harvesting the crop of potatoes cultivated this summer. That they profited greatly by the advice and suggestions given them by Prof. Geismar is demonstrated by the beautiful crop. Several of the individual members of the club as well as that organization itself will have exhibits on display at the county fair at Houghton next week.

FORMER OLIVET SCIENTISTS KILLED BY CANNIBALS?

Olivet, Mich., Sept. 26.—Efforts are being made here to confirm reports from San Francisco that Dr. Hubert L. Clark and Dr. David Tennant, scientists sent by the Carnegie Institute to do research work for marine life, have been killed by cannibals in German New Guinea. A dispatch today from Harvard, whence the men were sent, says the report is not confirmed there.

Dr. Clark was professor of biology in Olivet college and left here in 1905 to become curator in the Harvard museum. Dr. Tennant graduated from Olivet in 1900 and afterward became professor of biology at Bryn Mawr.

CANCER IS CAUSE OF 179 DEATHS IN MONTH

Lansing, Mich., Sept. 26.—Births in Michigan outnumbered the deaths during the past month, according to the report of the mortality statistics department. There were 5,740 births and 5,145 deaths. This is an increase of 105 deaths and 218 births over the previous month.

Epidemic, a disease prevalent among young children, caused the greater number of deaths, numbering 357, while cancer was responsible for 179 deaths, and 242 were caused by violence, which includes all forms of accidents, etc. Four deaths occurred from tetanus and six from poliomyelitis.

WIRELESS BRINGS ANTHEM.

New York, Sept. 26.—When the yacht Hiredelle, belonging to Prince Albert of Monaco, passed out of Sandy Hook harbor bound the ship's band played the "Star Spangled Banner" as a farewell to America.

All the amateur wireless operators along the Jersey coast and Long Island shores who had their receivers at their ears heard the tune excellently rendered.

LOCAL BREVITIES.

have returned from a short visit to Detroit and other cities. Miss Cora Millman is a patient in the C. & H. hospital where she underwent an operation for appendicitis this week.

Andrew Kordtorn, who left here at the beginning of the strike with the view of locating in Milwaukee, has returned to resume his residence. The Mineral Range is handling a cargo of 4,000 tons of soft coal from the Portage Coal docks at Ripley for the Mohawk Mining company.

William H. Odgers will leave this evening for Los Angeles, where he will visit and may locate.

Rev. and Mrs. W. H. Colledge of Osceola arrived home this afternoon from London, England, and London, Ont., where they have been visiting.

Mr. and Mrs. Boyd of Iowa are visiting with their son, Elbert Boyd of Calumet.

LATE MARTIN TOMCHAK.

The funeral of the late Martin Tomchak, whose death occurred in the C. & H. hospital Wednesday evening, will be held Sunday afternoon from St. Anthony's Polish church. The deceased is survived by a wife and several grown children. Mr. Tomchak was 55 years of age.

MRS. ADAMS' FATHER PASSES.

The death of the father of Mrs. C. L. Adams occurred recently at Randolph, Vermont. Rev. and Mrs. Adams, who have been visiting in Houghton, Mich., since the Detroit conference, have left to attend the funeral.
